

PREMIUM BLEND PAVERS

Northshore &
Old Chicago Blend

Old Chicago, 3 x 9 x 2 1/4

Capture the charm of peaceful European villages & picturesque college towns

Founded more than 100 years ago in Ohio, Whitacre Greer pavers are used in projects across the United States. With their custom and premium blends, they are the choice paver for colleges, municipalities, and residential projects.

Northshore Blend

The Northshore Blend is designed to bring the rustic aesthetic found in old streets to a standard format clay paver. This blend comes in our 4 x 8 x 2 1/4 straight edge or bevel and lug. It features a blend of Whitacre Greer colors, including a specialty Shade 63. Cobbled to achieve the old world look, it is sure to impress!

Old Chicago Cobbled Boardwalk

The Old Chicago Cobbled Boardwalk is our answer for a long format paver with an old-world aesthetic. The 3 x 9 x 2 1/4 paver features a deep red body with dark striations creating a blended field, without the cost of blending. The best of both worlds!

Whitacre Greer's Northshore Blend and Old Chicago Cobbled Boardwalk are excellent choices for pedestrian and light vehicular applications.

Northshore Blend, 4 x 8 x 2 1/4

Old Chicago, 3 x 9 x 2 1/4
